Offer Letter

I, **Saad Taimoor**, am confident in my ability to build and deliver this project with all the proposed features and functionalities, including resource data management, community interaction tools (chat & video calls), live maps, notifications, and secure file submissions. I am fully prepared to ensure high-quality development, timely completion, and reliable performance of the system. My offer for the development of this project is as follows:

- ■40,000
- ■50,000
- ■60,000

Depending on the final scope, timeline, and additional requirements, I am open to working within the above range.

Sincerely,
Saad Taimoor
